# SWEET DELIGHT

WE MAKE YOU UNIQUE

## Let's celebrate 10 YEARS of sweet uniqueness called Sweet Delight

---

"It has now been 10 years since we began delivering a unique experience to all passionate cake lovers. During this time, our team of confectionery chefs and talented management board collectively concentrated all our effort and passion to make the best cakes ever. We are still searching for unique tastes and qualities.

We are proud to say that we have built a successful company based on warm relationships with our B2B business partners and customers. All of this is proven by more than 85,000,000 unit sales ensuring happy faces around the world."

Thank you all!

Michal Freiburger  
Chairman of the Board

## A 10th anniversary deserves a sweet present

---

It has been ten delicious years since Sweet Delight was founded. Thinking of how to celebrate such a moment, we perhaps unsurprisingly came up with something sweet again!

We are happy to introduce a new product especially designed to make our lives sweeter, even at home - **Dortie's**.

The time when you could only enjoy our delicious cakes in cafes is over. With Dortie's, you can relish the great sweet taste at home with your family and friends.

# Dortie's

---

Dortie's is a response to the great popularity of and demand for our products. The purpose of the brand is to give customers the opportunity to buy the high-quality range of Sweet Delight products in stores. We have chosen the best from our portfolio so that it is not only possible to enjoy and share sweet moments in cafés, but also at home.

Under the Dortie's brand, we provide a wide range of cakes and other desserts in take away sizes to be enjoyed at home.

You can choose from a single portion to 4-portion family package. Well-refined recipes and best-sellers such as mini cheesecakes, made according to an American recipe in various flavors, are included in the offer. Slices of our famous chocolate or carrot cake are also available.

We further uniquely offer the opportunity to manufacture and supply all Dortie's products under a personal label. In addition, we can develop completely new products according to the needs of the retail customer.

## 10 years of exceptional care for the best ingredients

---

You find nothing but the best in our cakes. We rely on our selection of pure and authentic ingredients with colourful sun-kissed tastes. We only cooperate with reliable suppliers offering high-quality raw materials, for example, only nest-laid eggs, no palm oil, pure whipped cream and GMO-free raw materials.

Plus, we never add any preservatives or artificial ingredients to our cakes.

## 10 years of sweet frozen perfection

---

For a great experience and product quality we use safe cryogenic freezing technology. Thanks to this, we can deliver our cakes in the most natural form, within which the taste and design are perfectly protected and maintain their original state.

And we go even further - the perfection of every cake is confirmed by a final X-ray test.

## 10 years passionately crafted by real people

---

Our cakes are made with love, from person to person, by confectionery chefs who are absolutely obsessed with following trends. We are constantly improving original recipes on one hand, and experimenting with different ingredients, tastes, forms and decorations on the other. All of this in order to bring you unique cakes and pies that you will not taste anywhere else and make your sweet dreams real.

Sweet perfection is our mission.
